Patents with dementia benefit as much from rehabilitation as those without dementia.

It is up to the rehabilitation professional to learn how to utilize the strengths and abilities of the dementia patient to help meet their rehabilitation goals.

GREAT SEMINARS & BOOKS
Geriatric Rehabilitation Education and Training

Faculty

Nicole Dawson, PT, PhD, GCS is an Assistant Professor in the Doctor of Physical Therapy Program at the University of Central Florida and Co-Director of the Innovative Mobility Innovative (IMOVE™) Lab. She graduated from Ohio University with a Master's degree in Physical Therapy in 2002. Dr. Dawson is a Board Certified Geriatric Physical Therapist with over 16 years of clinical experience along with a PhD in Adult Development & Aging Psychology. She has been recognized for excellence in teaching by the Academy of Geriatric Physical Therapy through receipt of the Distinguished Educator Award and the American Physical Therapy Association being awarded the Margaret L. Moore Outstanding New Faculty Award. Her current area of research includes developing non-pharmacological interventions to improve functional and psychosocial outcomes in patients with dementia, identifying predictors of falls in older adults with cognitive impairment, as well as gaining a better understanding of the disability experience of older adults. Dr. Dawson has been published in peer-reviewed journals including The Gerontologist and the Journal of Geriatric Physical Therapy. She has presented at numerous international and national conferences on the subject. She is passionate about bettering the treatment and care of these patients and is dedicated to assisting students and clinicians in gaining skills and knowledge to better help these patients maximize their potential.

Description

While patients with dementia pose unique challenges to rehabilitation professionals, the potential benefits from quality therapy is astounding. Having a strong foundational understanding of the available strengths to these patients is crucial in developing a solid treatment plan. These patients present with deficits in attention, judgment, memory, communication, and language but also have several functions that remain intact through the disease. It is commonly thought that patients with dementia cannot benefit from rehabilitation services because of behaviors, lack of communication, or difficulties in learning. However, the current literature demonstrates that this is not case. Skilled rehabilitation is an integral part of an older adult's return to the optimal functional level of independence following an injury or illness. Patients with dementia benefit as much from rehabilitation as individuals without dementia, but it is up to us as the rehabilitation professionals to understand how to exploit the strengths and abilities of these individuals to help meet their goals.

This course will provide a better understanding of cognitive aging through discussion on which parts of cognition are the strongest throughout the progression of dementia and how to use these abilities to promote a successful episode of care. Barriers to treatment will be discussed along with best practice and evidence-based approaches to overcome these challenges to improve functional outcomes for these patients. The different types of dementia will be discussed highlighting effective strategies to maximize patient outcomes. Understanding the use of a strength-based approach will be emphasized to help you and your staff better treat this growing group of challenging patients.

Objectives

Upon completion of this seminar, participants will be able to:

- Implement current evidenced-based interventions and best practices in literature for patients with dementia.
- Use effective communication strategies and personcentered care to maximize outcomes.
- Evaluate strengths and domains requiring compensation in patients with dementia
- Contrast differences between strength-based approach and traditional medical model.
- Distinguish the different types of dementia and their symptomology.
- Describe the progression of dementia and appropriate treatment goals for each stage.
- Recognize potential emotional and behavior disturbances that may impact treatment.

Testimonial

"I have had the rare privilege of seeing Nicole Dawson present. She has so much insight, passion and expertise in the area of working with older adults with dementia that her energy, ideas, and enthusiasm are contagious. I have never seen someone with such a gift for bringing research into clinically applicable information. Participants will leave this course with so many new and exciting examinations and interventions that they can use immediately. Nicole really brings this topic to life."

- Carole B. Lewis, PT, DPT, GTC, GCS, MSG, MPA, PhD, FSOAE, FAPTA

Locations The complete address and location of your course will be provided in a confirmation letter that will be emailed to you at least 3 weeks before the course.

Registration

OF.

AUDIENCE: Primary Audience - Physical Therapists, Physical Therapist Assistants, Occupational Therapists and Occupational Therapist Assistants.

LEVEL: This course is at an intermediate level.

FEE: The registration fee includes all course sessions, breaks, continental breakfasts, and course handout.

Allentown, PA - \$545. If postmarked before 5/29/19 Wichita, KS - \$545. If postmarked before 6/26/19 Bellevue, NE - \$545. If postmarked before 8/21/19 Boscawen, NH - \$545. If postmarked before 10/16/19

LATE REGISTRATION: Postmarked after the above date requires an additional \$25 late fee.

EARLY BIRD: \$495 - If completed registration and payment are received by:

Allentown, PA - May 8, 2019 Wichita, KS - June 5, 2019 Bellevue, NE - July 31, 2019 Boscawen, NH - September 25, 2019

DISCOUNT PROGRAM: Receive \$25 off your class registration for each GREAT Seminars & Books, Inc. course attended from 2000 to the present up to a maximum of \$200. In order to receive a discount, a copy of each course certificate must accompany registration form. No discounts will be taken once registration is completed. Additional discount codes may not be used with the Certificate Discount Program.

CONFIRMATION: A confirmation letter will be sent via email at least 3 weeks prior to the course with local hotels and information. If you do not receive confirmation 2 weeks prior to class, please call to verify your registration. Registrations are not guaranteed until confirmed. Space may be limited, so register early.

CANCELLATION/REFUND POLICY: Cancellations must be received in writing at least two weeks prior to the seminar date for tuition refund less a \$75 administration fee. NO refunds will be made after this date.

COURSE CANCELLATION: GREAT Seminars and Books, Inc. reserves the right to cancel a course up to 2 weeks prior to the seminar date. In the event of cancellation of a course only the tuition fee will be refunded in full. GREAT Seminars and Books, Inc. is not responsible for reimbursement of non-refundable airline tickets, lodging, or other related costs.

EDUCATIONAL CREDIT: A certificate of attendance for 20 contact hours of educational activity (20 CEUs or 2.0 CEUs depending on how your Practice Act determines CEUs in your state) will be awarded to registrants upon completion of the seminar. Great Seminars and Books is an Approved CE Provider for PTs and PTAs in DC, NY, KY, IL, TX and NC. Approved for PTs and PTAs in MD, NJ, CA and TN for 20 Clinical Contact Hours. This 20 contact hour course meets the requirements of the Kansas State Board of Healing Arts for physical and occupational therapists. We have also applied for approval with the Kansas Physical Therapy Association and the Oklahoma Board of Medical Licensure and Supervision. Have applied for approval in OK and PA. Our courses also meet the guidelines for approval in WY, CO, AL, IN, WI, VA, AZ, DE, NH, OR, RI, UT and MO. Courses are accepted for CEU's in KS, NE, ID, MT, WA, CT, IA, and ND.

Colorado PTs/PTAs: The Colorado PT Board/Continuing Competency Program does not "approve" continuing education courses. A licensed PT will be responsible for achieving 30 points from the Professional Development Activities List (20 of these points must be Category I activities). Please visit the Colorado PT Board website at www.dora.colorado.gov/professions/physicaltherapistscc. Once on that page, click on "CPC Program Manual" on the bottom half of the page. The Program Manual will explain the program in detail. The manual also provides criteria for acceptable activities.

If you do not see your state listed, please give our office a call. GREAT Seminars is an American Occupational Therapy Association (AOTA) Approved Provider of continuing education. Provider #5363. This course is not approved by ASHA or Board of Certification. Your tuition is tax deductible. All expenses of Continuing Education (including registration fees, travel, meals, and lodging) taken to maintain or improve professional skills are tax deductible according to Treasury Regulation 1.162-5 Couglin vs. Commissioner, 203 F2d 307.

LOST CERTIFICATES: Requests for a replacement certificate must be received in writing stating the name and dates of course attended. The cost for a replacement certificate is \$25.
