

Would you like to take a fabulous course to enhance your clinical skills?

Rehabilitation Strategies for the Older Adult with Multi-Morbidity

Speaker: Dr. Debra Gray, PT, DHSc, DPT, GCS, CEEAA, GTCCS, FSOAE, CAPS

Course Description

As the population ages, rehabilitation specialists must be prepared to recognize and consider the multiple chronic conditions commonly seen in older adults. The purpose of this seminar is to provide participants with the most current information and evidence on multi-morbidity with aging, components of comprehensive geriatric examination, and the implications of common chronic conditions in the development and implementation of highly skilled rehabilitation programs for medically complex older persons. The interactive seminar format combines lecture, discussion, videos, case studies, and hands-on activities to present the most recent research, examination tools, and interventions for older adults with multi-morbidity. An extensive course manual includes current primary references, detailed evaluation forms, outcome measures, suggested protocols, sample home exercises, and progressions.

Faculty Bio

Dr. Debra Gray, PT, DHSc, DPT, GCS, CEEAA, GTCCS, FSOAE, CAPS has focused her physical therapy career in geriatrics and has worked in a variety of inpatient, outpatient, home care, and community-based settings. She received a Doctor of Physical Therapy from Simmons College and a Doctor of Health Science from the University of Indianapolis as well as a Bachelor of Science in Physical Therapy from Wayne State University and a Master of Education from the University of Wisconsin. She has the following specialty certifications: Geriatric Certified Specialist (GCS), Certified Exercise Expert for the Aging Adult (CEEAA), Geriatric Trained & Certified Clinical Specialist (GTCCS), Certified Aging in Place Specialist (CAPS), and Functional Standards for Optimal Aging Expert (FSOAE). Debra is a coeditor of "Physical Therapy for the Older Adult: Examination and Intervention: An Evidence-based Approach" with Dr. Carole Lewis. She is currently an Associate Professor of Physical Therapy at the University of St. Augustine for Health Sciences and is the owner/manager of Gray Therapy, Education, and Consulting.

Course Objectives

Upon completion of this seminar, participants will be able to:

- Distinguish between complication, co-morbidity, and multi-morbidity and the implications of each on rehabilitation services.
- Identify the association of multi-morbidity with elevated risk of death, disability, poor functional status, poor quality of life, and adverse drug events.
- Interpret how an older person's health conditions and treatments interact and the potential effects on their functional independence and quality of life.
- Select, perform, and interpret evidence-based assessment tools appropriate for the older adult with multiple medical conditions.
- Develop comprehensive plans of care for medically complex patients/clients that consider their individual needs, preferences for treatments, health priorities and lifestyle.

- Explain the role of the rehab specialist as part of the inter-professional health care team in the comprehensive assessment and treatment of older adults with complex medical problems.
- Examine common medical conditions associated with aging and analyze their impact on body structures and function, activities, and participation.
- Analyze the role of rehabilitation specialists in the risk identification, prevention, and treatment of frailty.
- Prescribe appropriate therapeutic exercises/ activities and propose modifications for the older adult with complex medical conditions.
- Apply concepts of adult learning and motivation to provide effective patient/client education and to encourage compliance in older adults and caregivers.

Program Agenda

DAY 1

- 7:30AM Registration and Continental Breakfast
- 8:00AM Introduction: Working with the older patient with multi-morbidity as a member of an inter-professional team; Complications, co-morbidity, multimorbidity – what's the difference?
- 10:30AM Break
- 10:45AM Comprehensive geriatric assessment; evidence-based examination tools appropriate for the older adult with multi-morbidity
- 12:30PM Working Lunch (Bring your own) Review of assessment tools
- 1:30PM Assessment of common co-morbidities in older adults
- 4:15PM Break
- 4:30PM The effects of multi-morbidity on function and quality of life
- 6:00PM Questions and Answers
- 6:30PM Adjourn

DAY 2

- 7:30AM Continental Breakfast
- 8:00AM Developing comprehensive plans of care for medically complex patients/ clients; Considerations for incorporating individual needs, preferences, health priorities and lifestyle to improve function
- 9:45AM Break
- 10:00AM Frailty: risks, prevention, and interventions; Evidence-based exercise for frail older adults
- 12:30PM Working Lunch (on your own) Case Study
- 1:30PM Selecting and modifying therapeutic exercises/activities for the older adult with complex medical conditions; Considerations for potential interactions between health conditions and interventions
- 3:30PM Break
- 3:45PM Putting it all together to provide optimal care for the older adult with multimorbidity: screening, examination, interventions, modification/adaptation, progression; outcomes
- 6:00PM Questions and Answers

DISCOUNT PROGRAM: Receive \$25 off your class registration for each **GREAT Seminars & Books on-site course** attended from 2000 to the present up to a maximum of \$200. In order to receive a discount, a copy of each course certificate must accompany registration form. **No discounts will be taken once registration is completed. Additional discount codes may not be used with the Certificate Discount Program.**

CONFIRMATION: A confirmation letter will be sent via email at least 3 weeks prior to the course with local hotels and information. **If you do not receive confirmation 2 weeks prior to class, please call to verify your registration.** Registrations are not guaranteed until confirmed.
